EXPERIENCE

OEC
OEC Company part-time | Jul 2024 - Jan 2025 | Full Stack Developer

- Worked on DMS, CMS projects with Django framework
- I worked on hosting and deploying a server using Docker. This involved creating a Docker File to containerize the application, using Docker Compose to manage multi-container setups, and configuring environment variables for different deployment stages (development, staging, production).

Star Union
Student Activity | AUG 2023- Present | Front-end vice head

- Developed The Star-Union Site By using (React js, Redux, React-Router-Dom, React Hock Form...) that inc.(The Authentication Prosses, Show the Data that coming from dynamic API using Ajax, Edit Profile User Page...).
- I was an Instructor in a workshop where i thought Web development focused on front-end tech.

PROJECTS

- **Star Union Site**: Using React JS, Redux Toolkit, jQuery
- **My Portfolio Site**: Using HTML, CSS, JS
- **OEC Website**: Using WordPress, Elementor
- **Image Gallery** : Using HTML, CSS, JS, Dynamic API.
- **Movies Website**: Using HTML, CSS, JS
- **Study Room**: Using Django
- **Shopping App**: Using React JS, Redux, Dynamic API
- **Workshop Hub**: current dev using React JS, TypeScript
- **E-commerce store**: current dev using Django, Rest API
